About Northgate Church

Northgate Church is a non-denominational church in the North Hills of Pittsburgh. We offer two identical worship services: 9:30 and 11am on Sundays with approximately 250 in attendance. Our church feels like a family with all ages represented: grandparents, families of all ages, singles and children. In our worship services we value, among other things, congregational singing and doctrinal soundness. We sing contemporary worship songs (Hillsong, Elevation, etc.) as well as hymns. We have a number of skilled musicians and vocalists who have been faithfully serving for many years without anyone in a position like the one we are looking for. This is a new opportunity at a growing church. We are full of excitement and anticipation to see what God will do as we start this new chapter together.
